African ATV Safaris - Lake Mburo National Park. Unique, Unforgettable, Uganda - take a ride on the wild side.

Small groups (max 5) accompanied by a UWA Park Ranger and our Guide. Our trips are slow and leisurely, allowing you to safely and responsibly view many of the species of African animals and birds to be found in Lake Mburo N.P. We ride through a mosaic of environments; open savannah, acacia woodland, rolling hills, steep folds in the earth with valleys leading down through papyrus swampland to the 5 main lakes in the area. The quadbikes (ATV's) that we use are selected for their ease of operation, low impact and quiet running. Before the safari, at no extra charge, we provide you with enough practice on our training circuit, to familiarise you with riding an ATV.....

...then we roll out along the trail for the best game-viewing safaris ever!

Guided Game-Viewing ATV Safaris by Quadbike

2 Hour ELAND TRACK: meandering through acacia forest with herds of zebra, groups of waterbuck and topi, eland, warthog and many other species of animals and birds.
